Rare opportunity to live on more than 3 acres west of I-75 in the midst of Sarasota. Nestled among the trees is a 3-bedroom, 2-bath home with floor-to-ceiling windows in many areas of the house. Did I mention the guest house, on the lake in the back with 1 bedroom 1 bath. The house is set back from the road and has views of the pond on the property. The spacious living room features high ceilings, and a wood-burning fireplace and offers a serene view of the outdoors and pond. The kitchen offers built-in appliances, loads of cabinet space, 2 sinks, and a wine refrigerator, and is open to the dining room. The master suite has a sitting area with window seats, perfect for curling up with a great book, and opens to a private wood deck and spa. There are so many interesting spaces in this home – you'll need to have a look and let your imagination take you where it will – all of this just minutes from shopping, dining, schools, and all of the convenience Sarasota has to offer.
